

RASIDUL HOQUE CHOWDHURY

+880 1610-624584 ✉ therash792@gmail.com Sylhet, Bangladesh 🌐 [Portfolio](#)

Professional Summary

Computer Science and Engineering student at Leading University with hands-on experience in Artificial Intelligence, Machine Learning, Natural Language Processing, Computer Vision, and software development. Skilled in developing machine learning models, Flutter applications, and end-to-end software solutions using modern frameworks and tools. Strong problem-solving mindset with a focus on building practical, efficient, and data-driven solutions while continuously strengthening technical and software engineering skills.

Education

Leading University, Sylhet

Bachelor of Science (B.Sc.) in Computer Science & Engineering

2023 – 2027 (Expected)

Sylhet, Bangladesh

Projects

Tomato Disease Classification Benchmark | *Python, PyTorch, Deep Learning, Computer Vision*

- Developed a deep learning benchmark for **10-class tomato disease classification** using multiple convolutional neural network architectures.
- Compared **ResNet50, MobileNet, EfficientNet, VGG16, and ConvNeXt** using accuracy, precision, recall, F1-score, and inference time.

Maternal Health Risk Prediction | *Python, Scikit-learn, SHAP*

- Built machine learning models to predict maternal health risk using data preprocessing, **SMOTE, feature selection, and hyperparameter tuning**.
- Evaluated multiple classifiers and applied **SHAP** to improve model interpretability and support explainable AI analysis.

AmarCampus – University Management System | *Flutter, Supabase, PostgreSQL*

- Developed a centralized university management application with authentication, assignments, attendance, notices, and class schedules.
- Integrated productivity and student-support features including a **Pomodoro timer, blood donor finder, and academic resources**.

Technical Skills

Programming Languages : Python, C++, Java, Dart, SQL

AI/ML : Machine Learning, Deep Learning, NLP, Computer Vision, SHAP

Frameworks & Libraries : Flutter, Scikit-learn, Pandas, NumPy, OpenCV, NLTK, Hugging Face, PyTorch

Databases : PostgreSQL, Firebase, Supabase

Tools : Git, GitHub, VS Code, Android Studio, Jupyter Notebook, Google Colab

Leadership

Leading University Computer Club (LUCC)

Joint Secretary

Leading University

- Organized technical workshops and programming events and coordinated club activities to support student engagement.

Certifications

- AI & Machine Learning Bootcamp** – Ostad
- Machine Learning for Natural Language Processing (NLP)** – Innovative Skills
- CSE Fundamentals** – Phitron
